More About Course ∧

Throughout the dog grooming course, students immerse themselves in the art of dog grooming, focusing on a wide range of essential tasks such as brushing, combing, nail clipping, ear cleaning, bathing, drying techniques, clippering, scissor finishing techniques, and precise pattern setting for different breeds. With a strong emphasis on acquiring grooming skills, students learn to master the intricacies of breed profiles, enhance speed and efficiency, and unlock their maximum grooming potential.

The dog grooming course curriculum ensures that students cultivate a proficient, responsible, and professional approach to grooming, fostering the development of highly qualified industry professionals. Under the guidance and expertise of qualified grooming instructors, students acquire the techniques and skills necessary to achieve competence in the field of professional pet grooming and styling.

Hands-on grooming and handling techniques are complemented by a well-structured self-study program, providing a comprehensive and well-rounded learning experience.
